

C45 Monitoring

Theme(s): B: Improve people's understanding of rivers, catchments, weather extremes and climate change. Increase community participation in monitoring change and taking action to improve and protect water environments.

Goal(s): B5: Carry out research and monitoring, and collect and make available relevant data.

Temperature, invasive species, otter, crayfish and fisheries monitoring at key sites throughout the Tyne catchment, particularly through citizen scientists.

Project Status: Current

Deliverer(s): Tyne Rivers Trust
