

## C47 Monthly wetland birds surveys

Theme(s): B: Improve people's understanding of rivers, catchments, weather extremes and climate change. Increase community participation in monitoring change and taking action to improve and protect water environments.

Goal(s): B5: Carry out research and monitoring, and collect and make available relevant data.

Monthly surveys of wetland birds from the North Tyne, including inland coastal birds and waders.

Project Status: Current

Deliverer(s): Northumberland & Tyneside Bird Club, British Trust for Ornithology

Biodiversity Action Plan / species link: Protected birds
