

## P3 Friars Goose chemical works investigation

Theme(s):	A: Conserve and restore river habitat, and adapt to / mitigate for the physical impacts of weather extremes and climate change.
Goal(s):	A1: Reduce pollution to the water environment.
Sub-goal(s):	A1a: Reduce point-source pollution to the water environment.

Check compliance data and, if appropriate, investigate the impacts of the outfall from the abandoned chemical works next to the Friars Goose slipway and identify appropriate remedial action.

*Update as at April 2013: This site is on the local authority's list of contaminated land sites. Gateshead Council's Green Infrastructure Delivery Plan (2013-2030) lists this site as a Green Infrastructure Opportunity Area (ref S3, known as Felling Shore).*

Project Status:	Proposed
Potential Deliverer(s):	Environment Agency, local authority contaminated land experts
Estimated Timeframe:	1 to 5 years
Estimated Project Cost:	£1,000 to £5,000
Potential Funding Source(s):	Statutory requirement of appropriate responsible body
